

el::base::StaticClass

```
classDiagram
    el::ConfigurationTypeHelper --|> el::base::StaticClass
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'el::ConfigurationTypeHelper'. A red arrow points vertically upwards from this box to a white box at the top labeled 'el::base::StaticClass'. This indicates that 'el::ConfigurationTypeHelper' inherits from 'el::base::StaticClass'.
